

NADER CHARGUI

FULL-STACK DEVELOPER

charguinadar@gmail.com | +216 95 120 814 | Tunisia (open to relocation — EU) | github.com/nader-grt | linkedin.com/in/nader-chargui

PROFILE

Full-Stack Developer with 4+ years of experience designing, building and maintaining production-grade web applications using React, TypeScript, Node.js, PHP and MySQL/MariaDB. Strong background in REST API development, serverless architectures (AWS Lambda, DynamoDB), database design, RBAC systems and frontend performance optimization. Currently deepening expertise in Clean Architecture and Domain-Driven Design while building a multi-tenant e-commerce and inventory platform from the ground up. Comfortable working independently on end-to-end delivery, from data modeling to production deployment. Actively seeking Full-Stack opportunities in Tunisia and across Europe.

TECHNICAL SKILLS

- Frontend:** React.js, Redux, TypeScript, JavaScript (ES6+), SCSS, Bootstrap, Ant Design, Axios
- Backend:** Node.js, Express.js, TypeScript, PHP, REST API Design, JWT Authentication, OOP, MVC, Clean Architecture
- Databases:** MySQL, MariaDB, DynamoDB, Sequelize ORM, Database Migrations
- Cloud & DevOps:** AWS Lambda, AWS EC2, Docker, GitHub Actions, CI/CD, Linux
- Tools & Practices:** Git, GitHub, Postman, Agile/Scrum, Code Review, Clean Code

PROFESSIONAL EXPERIENCE

Full-Stack Developer — Freelance / Remote Dec 2022 – Aug 2025

Trade Project — Online Sales Optimization

- Refactored MySQL/MariaDB queries and stored procedures, improving performance and reliability.
- Built and maintained REST APIs using Node.js, TypeScript, AWS Lambda and DynamoDB.
- Improved scalability and state management using Redux.

HBS Project — Home Buying Services

- Integrated and refactored REST APIs using AWS Lambda and DynamoDB.
- Designed reusable backend logic with TypeScript and OOP principles.
- Managed dynamic forms and testing workflows.

Market Project — Vehicle Pricing Estimation

- Migrated frontend from React 16 to React 18.
- Enhanced merchant-side business logic and pricing functionality.
- Worked with Redux, SCSS, Bootstrap and Axios.

Full-Stack Developer — SASTEC GROUP Aug 2021 – Aug 2022

Hospital Management System

- Developed a multi-role healthcare platform supporting doctors, patients and administrators.
- Implemented RBAC, authentication, email notifications and CRUD operations.
- Built backend services using PHP, MySQL, MVC architecture and ORM integration.

Digital Asset Management System

- Developed media asset management functionality for videos, images and live streams.
- Built reusable React components using Redux and Ant Design.
- Integrated analytics dashboards and Docker environments.

Player-FO Media Platform

- Built media platform functionality supporting live streaming, podcasts and playlists.
- Improved frontend architecture and performance using React.js and Redux.
- Integrated Vime.js video playback and personalization features.

KEY PROJECT

EcommerceDeliveryPlus — Full-Stack E-commerce & Delivery Platform

github.com/nader-grt/ecommercedeleveryplus

- Architected and developed an end-to-end, multi-tenant e-commerce and delivery management platform following Clean Architecture principles.
- Designed 35+ database models covering products, warehouses, inventory, orders, suppliers, customers and delivery operations.
- Implemented Role-Based Access Control (RBAC) supporting Admin, Employee, Deliverer, Secretary, Supplier and Customer roles.

- Built a multi-warehouse inventory management system with stock reservations, movement tracking and use-case-driven business logic.
- Developed delivery assignment and order-tracking workflows for last-mile logistics.
- Integrated JWT authentication with refresh token rotation and secure session handling.
- Implemented SKU management, product variants, discount rules and promotion engines.
- Stack: Node.js, TypeScript, React, Redux, MySQL/MariaDB, Sequelize, Docker.

EDUCATION

Bachelor's Degree — Physics Faculty of Sciences, Monastir (2014 – 2018)
BTS Diploma — Multimedia Computing ICI Training Center (2015 – 2017)
